Mark Bassett : American Art Pottery Wall Pockets (Schiffer Book for Collectors, with Price Guide) before purchasing it in order to gauge whether or not it would be worth my time, and all praised American Art Pottery Wall Pockets (Schiffer Book for Collectors, with Price Guide):

0 of 0 people found the following review helpful. Complete wall pocket. By Martha Jones A very thorough book especially for Roseville and Rookwood. Great addition to a reference library. Marks are also covered at the end of the book. Lots of nice photos in color with details well shown.

This is the ultimate guide to ceramic wall pockets, presenting the work of more than 60 American pottery firms.
