Good patterns, but size range is Small - Medium By Monster Alice This book presents a base set of garments that an average sewer can use to create an office casual wardrobe. The patterns (included in an envelope attached inside the cover of the book) are plain enough that they can be used with any level of surface embellishment to create art-to-wear garments. The only problem with the patterns is the size

range: American, Canadian, Australian: 4 - 14 UK: 8 - 18 I don't fit in that range, so I'll need to grade the patterns to use them. I don't know if they restricted the range so they would only need to show one pattern layout, or if they don't want their designs on fat people, but I don't like it. 25 of 27 people found the following review helpful. Made the coat and it was fantastic! Can't wait to try making more! By Kotoyo Hirano-Dawson Fabulous book. Made the coat and it was fantastic! Can't wait to try making more!! 2 of 2 people found the following review helpful. Love the style and ease of all the pieces! By Ina Braun Only to have time to make each one of the pieces ... that's what's missing! Love the style and ease of all the pieces! Beautifully presented!

Make six classic garments and create a stylish wardrobe from scratch! Designed by the popular team of Merchant Mills (Carolyn Denham and Roderick Field), these full-size patterns with creative variations to try feature a neat vest with a boxer-back detail, an elegant bias-cut long-sleeved dress, a simple long gathered skirt with a drawstring waist, a batwing wrap top, an oversized drop-shoulder jacket, and classic wide-leg trousers. Just vary the fabric to suit the season, and you'll have a closetful of year-round garments to show off. The precise step-by-step instructions and inspiring fashion photography will enable you to build your skills and sew with confidence, and this beautifully packaged book also includes an envelope to hold the patterns.

About the Author Carolyn Denham and Roderick Field, aka Merchant Mills, produce a range of patterns and ready-to-make kits and superb notions in utilitarian packaging.
