2 of 2 people found the following review helpful. Beautiful photos with great ideas! Highly Recommend!By CorralesgalOnce again Sigalit Eshet has nailed another book on Mosaics. I have EVERYONE of Sigalit Eshet's Mosaic books and I love this one as much as all the others! It has beautiful pattern ideas and fantastic photos with instructions! Highly recommend this book!1 of 1 people found the following review helpful. Love this mosaic bookBy Careful BuyerLove the book. I emailed Sigalit with a question and she answered super quick. Very helpful to a beginner. Her instructions are clear and I love her photos - plus the free book that she offers at the end of the book

gives so many suggestion with photos to start my next project. 2 of 2 people found the following review helpful. Gives a lot of basic information and ideas. By Shari Withers The book suggests the tools you will need and has many illustrations of finished projects but no detailed instructions in how to begin a starter project. Good as a first step to get you more interested in creating your own projects. Several tools are listed and safety precautions are suggested. to do the projects you would like to tackle. Gets you imagination stirred up to move forward.

"This book taught me how to make various decorations for my home. The instructions are very easy to understand and follow even for a beginner like myself. My favorite design is the flower pot. I already finished 3 pots and I am really proud of myself." Bookworm "I have been doing mosaic for 5 years so have a collection of books, but I love this book, easy to follow and great ideas, now to get started on my new project.." Sue Bishop "I purchased this book last week, and already started to make my own mosaic pitcher. I followed Sigalits' clear directions and beautiful examples, and it is turning out very pretty." Dganit
