The templates for outlining at the end are absolutely brilliant. Brad writes from a lot of experience and this comes through in this book on writing templates. I would not hesitate to recommend it. Can't wait for his next book.1 of 1 people found the following review helpful. Minimal and lacking good contentBy william monroeThis book is minimal and seems like the author put very little thought into the book. I believe the author was using this book to promote his other products and get traffic to his website.
