**ERIC CORRAN : Understanding the Spinning Wheel** before purchasing it in order to gage whether or not it would be worth my time, and all praised Understanding the Spinning Wheel:

2 of 2 people found the following review helpful. Still available from authorBy T. SommerThis is a terrific book that is still available from the author. I bought it from his eBay store and it is autographed for \$38. shipping bumped it up because it is coming from Australia but it is still way cheaper than the going American price of \$80.This book covers the mechanics of the wheel from a wheel builder's perspective. It is fabulous.

DVD ON UnderStanding of The Spinning wheels by Eric Corran. Book of 2003 Made into DVD Format. For DVD
