Universal Stitches for Weaving, Embroidery, and Other Fiber Arts is a text for beginning or advanced fiber artists that teaches how 5 basic stitches, plus 195 of their variations and combinations, work upon warp and upon fabric in functional and decorative ways. There are diagrams and directions for stitches that will work in loom weaving, tapestry, openwork, or as edges, joins, and fringes. The book introduces an integrated method of learning stitches with a unique diagramming system.

About the Author Nancy Arthur Hoskins, an author, artist, and former college instructor, has taught embroidery and weaving classes nationally and internationally. She has researched antique and ancient textiles in over fifty museums around the world.
