Edith Very : Warp and Woof: The Story of the Textile Arts (Classic Reprint) before purchasing it in order to gage whether or not it would be worth my time, and all praised Warp and Woof: The Story of the Textile Arts (Classic Reprint):

Excerpt from Warp and Woof: The Story of the Textile ArtsIt has been a pleasure to bring together for comparison the primitive methods used in preparing materials for clothing and the modern methods found in the factories; also to

search for the historical significance and progress of the knowledge of the art. For encircling this primitive art may be found many stories of fancy that make what otherwise might seem to be a tedious process one of great pleasure. These stories enliven the interest in the methods and almost create a desire for ability in the craft itself. The knowledge of a craft has a social significance which is recognized in educational circles as important for the adult as for the child. Not only is this recognized in the manual training, but also in the new, so-called, household arts. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
