Camela Nitschke : Wedding Ribbonry before purchasing it in order to gage whether or not it would be worth my time, and all praised Wedding Ribbonry:

0 of 0 people found the following review helpful. wonderful bookBy DabblersI have two other books by the same author. She has a wonderful sense of color and design and her directions are easy to follow. Recommended for anyone who does French ribbon work.5 of 8 people found the following review helpful. Beautiful BookBy A CustomerWhat a beautiful book! Great ideas for the bride to be. There are many ideas in this book that I'd love to incorporate into my own wedding planning. You may want to practice the ribbon styles to perfect them before your big day! ... it's a book that definitely stands above the overcrowded "wedding day planning" section of the book store.1 of 6 people found the following review helpful. Not Worth The MoneyBy A CustomerI was disappointed in this book. I found the ideas in the book very old fashioned and most often ugly. Th only good thing about the book is at the back of the book she shows how to make each seperate flower. But the craft ideas are a DEFINITE pass.

Turn the wedding of your dreams into a reality with this enchanting book, full of exquisite elegance and old-world heirlooms to cherish. Created to complement most any wedding style, these 30 traditional ribbon projects teach you the skills needed to craft an unforgettable, one-of-a-kind wedding. Designer Camela Nitschke and the talented team at her specialty shop, The Ribbonry, ensure your success. Inside, find: Precious gifts, decorations, and favors, such as an elegant evening bag, a delicate keepsake box, and other beautiful projects for your special day Instructions for adorning an entire wedding ensemble--including the gloves and headpiece--in lavish bows and blooms Easy to follow, step-by-step directions for making glorious ribbon flowers
