Text Book @ a fraction of the cost By JCross Great savings in comparison to purchasing new; product arrive in 48hrs and was everything it had been advertised to be!! Great seller!! 0 of 0 people found the following review helpful. Two Stars By Irene diaz Not helpful

This revision brings you the most current topics relative to weeds and weed control presented in a logical sequence to enhance student understanding. The material is found in a detailed but summarized manner to challenge the academic as well as the practical student. There are new chapters on weed ecology, herbicide-resistant biotypes, potatoes and rangelands. The text features completely re-set type and new art, updated references, and new emphasis on

applications.
