Wojciech Zmyslony, Wojciech Sankowski : Yakovlev Yak-1, Yak-3, Yak-7, Yak-9 (Polish Wings) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Yakovlev Yak-1, Yak-3, Yak-7, Yak-9 (Polish Wings):

The next book in the popular Polish Wings series is on the most famous Soviet Yaks fighters family. Covers Yak-1, Yak-3, Yak-7 and Yak-9 in Polish Air Force during WWII and in late 40s. More than 200 photos, mostly unpublished, and many color profiles.

"...another very good profile book from MMP....an excellent publication to have to hand when building any of the Yaks or looking for diorama inspiration" (Model Airplane International - Issue 129)Over 175 BW photos, a couple contemporary color views, extended captions, and tables support this solid study. Thierry Vallet's 48 beautiful color plates profiles, plan views and details splendidly sated my modeling museJudge for yourself. Get this brilliant book, turn to the final chapter, and start converting your favorite Yak model! (Cybermodeler)
